

CRUISE OVERVIEW

Exclusive Galápagos Journey by Luxury Yacht A Premium Galápagos Journey Designed and Crafted by Sierra Tours Infinity is one of the most modern and exclusive yachts operating in the Galápagos Islands, offering a refined way to experience one of the world's most protected natural destinations. Designed for comfort, stability, and environmental responsibility, the vessel allows for smooth navigation through the archipelago's unique waters. With a limited number of guests onboard, Infinity delivers an intimate and highly personalized experience, where attentive service and space are central to every journey. Each cabin is elegantly designed and features a private balcony, allowing guests to connect with the surrounding ocean and island landscapes in complete privacy. Onboard, guests enjoy spacious social areas with panoramic views, a refined restaurant, a lounge, and open deck spaces ideal for relaxation between excursions. Operated by a carefully selected crew and certified naturalist guides, the experience ensures expert-led exploration in small groups, combining discovery with comfort at the highest level.

Exclusive Way to Experience the Galápagos Islands This journey is designed and crafted by Sierra Tours to deliver a seamless balance between comfort, exploration, and authentic Galápagos discovery. Guests remain onboard Infinity throughout the cruise, ensuring a seamless travel experience without changing accommodation while accessing some of the archipelago's most remarkable sites. Onboard, modern design is combined with spacious social areas, outdoor dining spaces, and a large sun deck, creating a relaxed atmosphere between excursions. Each day includes guided activities led by experienced naturalist guides, offering close encounters with the islands' unique wildlife through land visits, snorkeling, and small boat exploration. Time onboard is designed for relaxation, while time ashore is dedicated to discovery—creating a balanced and immersive expedition experience. Highlights

Exceptional birdlife encounters at Genovesa Dramatic volcanic landscapes on Santiago Island Snorkeling experiences in Darwin Bay and Rábida Island Carefully selected excursions led by certified Naturalist Guides One of the newest and most comfortable yachts operating in the Galápagos

ITINERARY

DAY 1

Black Turtle Cove.

Baltra Airport arrival in the morning Early morning flight to Baltra Island, Galapagos Islands from Quito and Guayaquil. Arrive at Baltra in the early morning. You will be met at the airport by an Infinity employee and taken to your yacht after you have cleared immigration and checked in with baggage. After being shown your cabin, you'll have time to relax before the welcome briefing and lunch. Black Turtle Cove in the afternoon Black Turtle Cove is located in Santa Cruz's northern region. The inlet, which is enclosed by mangroves, is only accessible via dinghy. This shallow cove provides a safe haven for marine life. Here, you can often see black-tip or white-tip coral reef sharks as well as sea turtles and various rays.

Lunch

Dinner

MEALS:

HIGHLIGHTS

- ✓ Galapagos Island
- ✓ Santa Cruz Island

- ✓ Baltra Airport

DAY 2

El Barranco & Darwin Bay.

El Barranco El Barranco, also known as Prince Phillip's Steps, is a steep and rocky path that leads to a high cliff-face. From here, you can enjoy a stunning view. You will also find palo santo plants, Doves, Storm Petrels and Galapagos swallows at this location. Darwin Bay The white sand coral beach is the beginning of a half-mile trail that winds through Mangroves full of land birds such as Nazca and Red-footed Bobies, swallow-tailed Gulls, and many more. Further along the path, you will find tidal swimming pools where sea-lions playfully. The end of the path offers a stunning view from a cliff.

- ✓ El Barranco

- ✓ Darwin Bay

DAY 3

Sullivan Bay & Rabida Island.

Santiago Island: Sullivan Bay Coral beach landings lead you to a lava field that stretches as far as the eye can view. For signs of plant life, hunt and peck the two types of lava pahoehoe or "a'a", which have emerged over the past 100 year since the last volcanic eruption. It's a truly incredible volcanic experience...up close! Rabida Island Rabida Island (Jervis), one of the archipelago's most beautiful and volcanically diverse islands, is a wonderful snorkeling spot. The island's famed maroon sandy beaches and spectacular lookouts offer stunning landscapes. It is a paradise for birdwatchers. There are nine species of finches, large-billed flycatchers and Galapagos Hawks that are rare, as well as brown pelicans and Galapagos hawks.

DAY 4

Charles Darwin Station.

Turtles are found at the Charles Darwin Research Station. They range in length from 3 inches (new hatchlings), to 4 feet (older adults). Many turtle subspecies interact and are used to people stretching their heads for photos. They are kept until the babies reach about four years of age and are strong enough to live on their own. After your morning excursion, you will be transferred to the airport to catch your flight to the mainland.
